

# Fairy Flower Bath

## Sensory Activity

### You will need:

Lots of petals!

Glitter

Water

Large trough

Essential oils (optional)

Fairy figurines/toys

### Method:

1. Place the petals, glitter, water and essential oils into a large water trough. If you want to, you can make the water warm for the children – just like a real bath!
2. Place the fairies on the outside of the trough, inviting the children to place them in the bath.
3. Enjoy exploring the different elements in the water.
