

The School's Aims and Values

Our ultimate objective as a school is to enrich our students' lives by providing the opportunities which will help them grow and develop as young people, and which will help prepare them for life after school.

Our Vision Statement:

"Maximising opportunities; enriching lives"

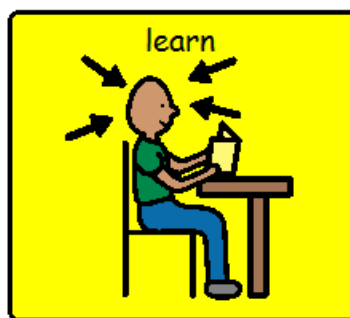

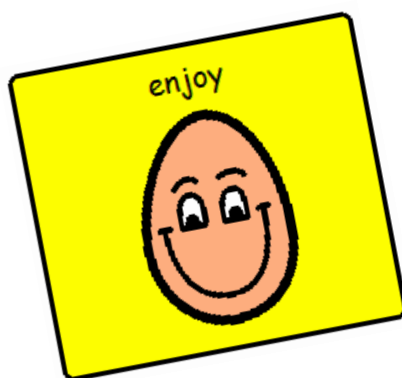

Our daily task is to ensure that every day, every one of our students:

feels safe and enjoys their day in school;

learns as much as they can; and,

achieves as much as they are capable of.

Our Mission Statement:

"Enjoy, learn and achieve"

This is not simply a statement, but is a 'core belief' that is referred to, talked about and 'lived' on a daily basis. It should be evident to anybody visiting the school.

The schools responsibility towards its students:

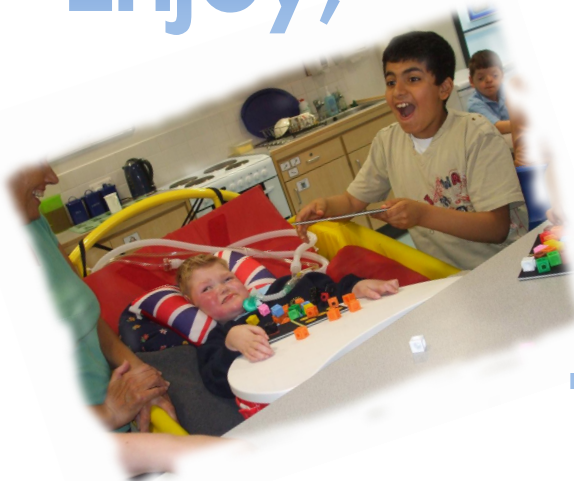

As a school we have a responsibility to:

- provide a safe, caring, stimulating atmosphere where each student feels accepted and secure
- support and challenge students to develop academically, emotionally, socially and spiritually to the best of their ability and equip them with the skills required to function in the wider world
- ensure that each student feels valued and can make a positive contribution to school life and in the wider world
- act as role models for students in punctuality, being prepared for lessons and in our relationships with other members of the school community
- support and work with parents and carers to meet the needs of their children
- ensure parents are kept informed about their child's progress and any concerns we may have about their health, safety, attendance or behaviour

Enjoy,

Learn

& Achieve

The responsibility of parents and carers

We ask parents and carers to:

- ensure that their child attends regularly and is ready to learn
- let the school know by telephone on the first day of absence if their child is unable to attend
- make the school aware of any concerns that might affect their child's performance in school
- attend their child's annual review meeting and parents' evenings
- get to know and take an interest in their child's life at school
- encourage their child's learning through homework (where appropriate) and other activities
- support the school's positive behaviour policy and uniform code

Enjoy,

Learn

& Achieve

Student's

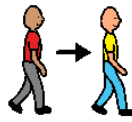

responsibilities

I

will

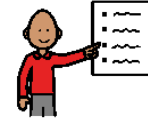

follow

the

school

rules

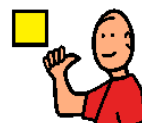

I

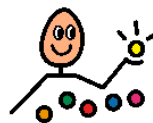

will

try

my

best

to
